Notes to the Condensed Interim Consolidated Financial Statements

For the six months ended April 30, 2025 and 2024

(Expressed in Canadian Dollars)

1. Nature of operations and going concern

Canada Nickel Company Inc. ("Canada Nickel" or the "Company") was incorporated on October 11, 2019 under the laws of the Province of Ontario, Canada, and its head office is located at 130 King Street West, Suite 1900, Toronto, Ontario, M5X 1E3.

On February 27, 2020, the Company's common shares commenced trading on the TSX Venture Exchange ("TSX-V") under the symbol "CNC" and its common shares also trade on the OTCQX Best Market under the symbol "CNIKF".

The Company is engaged in the exploration and discovery of nickel sulphide assets to deliver future supply for the high growth electric vehicle, green energy and stainless steel markets. The Company owns 100 per cent of the Crawford Nickel Sulphide Project ("Crawford" or "the Project"), which is located adjacent to major infrastructure in the world class Timmins-Cochrane mining camp of northern Ontario, Canada. The Company also owns 25 additional nickel targets located near the Project.

On July 21, 2020, the Company incorporated a wholly-owned subsidiary, NetZero Metals Inc. ("NetZero Metals") under the laws of the Province of Ontario. NetZero Metals is intended to develop a downstream nickel processing facility and a stainless steel facility in the Timmins region. On November 3, 2022, the Company incorporated a wholly-owned subsidiary, Central Timmins Nickel Company Inc.; also incorporated under the laws of the Province of Ontario. Central Timmins Nickel Company Inc. holds the interest in the Texmont property. On July 11, 2024, the Company incorporated NetZero Royalty Inc. a wholly owned subsidiary incorporated under the laws of the Province of Ontario. On January 24, 2025, East Timmins Nickel Ltd. ("East Timmins Nickel") was incorporated under the laws of the Province of Ontario. On February 21, 2025, Canada Nickel closed an agreement with Noble Mineral Resources Inc. ("Noble") whereby Canada Nickel and Noble will contribute certain mining properties, including the existing Mann joint venture, into East Timmins Nickel to consolidate their respective interests in the portfolio of nickel projects northeast of Timmins. On closing of the agreement, Canada Nickel holds an 80% ownership interest in East Timmins Nickel with Noble holding the remaining 20%.

These consolidated financial statements have been prepared on the basis of a going concern, which presumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. As the Company has no revenue producing mines, the Company's ability to continue as a going concern is dependent upon its ability to raise funds in the capital markets, or through the sale of assets. The Company is in the exploration and evaluation stage and as is common with many exploration companies, it raises financing for its exploration and acquisition activities in discrete tranches. The Company has a working capital deficit balance of \$55,688,623 at April 30, 2025, and has incurred losses and negative cashflows from operations and has an accumulated deficit of \$47,712,616. The ability of the Company to carry out its planned business objectives is dependent on its ability to raise adequate financing from lenders, shareholders and other investors and/or generate operating profitability and positive cash flow.

Subsequent to April 30, 2025, the Company received approximately \$65 million in funding through receipts from a Convertible Note, a new bridge loan facility, and equity raises – the last of which is expected to close at the beginning of July 2025 (see Note 16 Subsequent Events). There can be no assurances that the Company will continue to obtain the additional financial resources necessary and/or achieve profitability or positive cash flows. If the Company is unable to obtain adequate financing, the Company may be required to curtail operations, exploration, and development activities. All of these outcomes are uncertain and taken together indicate the existence of material uncertainties that may cast significant doubt over the ability of the Company to continue as a going concern.

The Company will continue to source other funding and may increase or decrease expenditures as necessary to adjust to a changing capital market environment.

The condensed interim consolidated financial statements were approved by the Board of Directors on June 27, 2025.

2. Material accounting policies

Statement of compliance

The Company applies International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and interpretations issued by the International Financial Reporting Interpretations Committee (“IFRIC”). These condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting, and do not include all of the information required for annual consolidated financial statements. Accordingly, certain information and disclosures normally included in annual financial statements prepared in accordance with IFRS have been omitted or condensed. These condensed interim consolidated financial statements should be read in conjunction with the annual audited consolidated financial statements of the Company for the year ended October 31, 2024, which have been prepared in accordance with International Financial Reporting Standards (“IFRS”).

Basis of presentation

These condensed interim consolidated financial statements have been prepared on a historical cost basis except for the revaluation of certain financial instruments. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting except for cash flow information. The consolidated financial statements include the financial statements of Canada Nickel and its subsidiaries, NetZero Metals Inc., Central Timmins Nickel Company Inc., NetZero Royalty Inc. and East Timmins Nickel Ltd., from its respective date of control. All intercompany transactions and balances are eliminated on consolidation.

In the preparation of these condensed interim consolidated financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of expenses during the period. Actual results could differ from these estimates.

Certain reclassifications were made to prior year consolidated financial statements to conform to current year presentation.

3. Capital management

The Company’s objectives when managing its capital are to safeguard its ability to continue as a going concern, to meet its expenditure obligations for its continued operations, and to maintain a flexible capital structure which optimizes the cost of capital within a framework of acceptable risk. The Company manages the capital structure and adjusts it in light of changes in economic and industry conditions and the risk characteristics of the underlying assets. To maintain or adjust its capital structure, the Company may issue new shares, issue new debt, or acquire or dispose of assets. The Company is not subject to externally imposed capital requirements.

Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable. There have been no changes to the Company’s capital management approach in the period. The Company considers its Shareholders’ Equity as capital which as at April 30, 2025 is \$206,105,906.

(1) Cash flow spend as per the consolidated statements of cash flows excludes non-cash payments, net payables and net accounts receivable. Consulting includes the recognition of grant money expected to be received of \$1.8 million.

Exploration and evaluation assets include the Company's interest in the Crawford Project, including the costs related to advance the project, and its interest in regional exploration properties surrounding Crawford. The regional properties are segmented into three regional areas and include:

- **Timmins South** – Sothman, Deloro, Texmont, Midlothian, Powell, Van Hise, Bannockburn and Playfair
- **East Timmins Nickel** – Stimson, Mortimer, Moody, McCool, Galna, Mann (North, West, Central and South), Newmarket, Reaume
- **Timmins Central** – Reid, Calder, MacDiarmid, Mahaffy, Nesbitt, Kingsmill and Dargavel.

The regional properties were acquired through fiscal years 2022 to 2024. Most agreements include provisions that allow for each of the sellers to retain a net smelter royalty ("NSR") that ranges between 1% and 2%, with Canada Nickel having the right to re-purchase 50% of the royalty for \$500,000 (with respect to a 1% NSR) or \$1 million (with respect to a 2% NSR).

4. Exploration and evaluation assets (continued)

Midlothian Property

The Company entered into an option agreement with Canadian Gold Miner Corp. (70% interest) and Laurion Mineral Exploration Inc. (30% interest), collectively the vendors, to acquire the Midlothian Property. Under the terms of the agreement, Canada Nickel can earn a 100% interest in the property through cash and share payments and a commitment on exploration expenditures. To April 30, 2025, the Company has completed the exploration program commitment having a cumulative value of \$2.5 million, paid cash obligations of \$450,000 and share payments of 310,000 common shares. A further \$200,000 is due in 2025 (paid in May 2025), and \$400,000 and 140,000 common shares due November 2025. The vendors will retain a net smelter return of 4% for gold and 2% for nickel with a commercial production payment of \$4.0 million. Canada Nickel will retain a 1% NSR buy-back right for aggregate payments of \$2.5 million. The Option Agreement includes clauses for acceleration of the exploration program and payment in lieu of exploration expenditures.

East Timmins Nickel

On February 21, 2025 Canada Nickel closed an agreement with Noble whereby Canada Nickel and Noble will contribute certain mining properties, including the existing Mann joint venture, into a new company – East Timmins Nickel to consolidate their respective interests in the portfolio of nickel projects northeast of Timmins, Ontario.

As part of the transaction, Canada Nickel consolidated ownership of the mining rights and access to the surface rights for certain key patents in Aubin, Crawford, Carnegie, Dargavel, Kidd, Lennox, Lucas, Nesbitt, Prosser, and Wark townships currently held by Noble (“key surface rights”), which facilitates and simplifies future development of Crawford and other nearby regional properties held by Canada Nickel. East Timmins Nickel will control 1,842 mining claims totaling approximately 40,000 hectares and will include nickel properties in Mann, Newmarket, and Reaume Townships as well as Calder, Galna, McCool, Moody, Mortimer, Stimson, and other properties currently held by Canada Nickel. Costs will be funded by pro rata ownership, which will initially be 80% Canada Nickel and 20% Noble. Canada Nickel and Noble will continue to maintain their existing royalty rights on the East Timmins claims, as will previous claim owners who had vended claims to Noble.

The Mann and other properties were transferred from Canada Nickel to East Timmins Nickel at Canada Nickel’s book value of \$12.6 million. In return for Noble’s 20% interest in East Timmins Nickel, valued at \$2.5 million (20% of book value), Noble transferred key surface rights to Canada Nickel, which Canada Nickel then valued at the asset acquisition price of \$2.5 million. East Timmins Nickel is consolidated effective February 21, 2025 with Noble’s interest represented as a non-controlling interest. Canada Nickel continued to fund expenditures to advance exploration on the Mann property. For Noble to maintain its 20% interest in East Timmins Nickel it must fund the next \$1.2 million.

Crawford Surface Rights

On January 6, 2025, a definitive agreement was signed with the primary surface rights holder (“Surface Rights Holder”) in Crawford and surrounding townships to secure access to 32,000 acres of surface rights required to build Crawford. Securing access to 32,000 acres of surface rights was a critical step for the Company to complete permitting and move toward a construction decision on Crawford in 2025. As part of the surface rights agreement, the Company will transfer 47,750 acres of mining rights in Kingsmill and Mabee townships—where no known exploration targets exist—to the Surface Rights Holder. This transfer aims to create future certainty over a substantial area of land, facilitating the effective development of sustainable forestry and wildlife habitat preservation.

The definitive agreement with the Surface Rights Holder (the “Surface Rights Transaction”) provides Canada Nickel with an option to acquire 32,000 acres of surface rights in Crawford and surrounding townships. As part of the transaction, Canada Nickel issued 5.5 million shares and transferred mining rights (not required for any exploration target) to approximately 47,750 acres in Kingsmill and Mabee townships. Additional consideration will be paid to exercise the option on a construction decision. The Company has the right to exercise the option by December 31, 2026 and can extend the option annually up to a further five years for an additional payment for each extension. The Surface Rights Holder has asked that all other terms remain confidential. The additional consideration to acquire the surface rights is not material in the context of the overall Crawford project capital cost and the extension payment is also not material.

2025

On July 9, 2024 the Company closed a secured loan facility with Auramet International Inc. ("Auramet Inc.") for US\$15 million ("Auramet Inc. July 2024"). The loan is secured and matured on January 9, 2025. Interest expense accrued on the unpaid principal amount at a rate of 12% per annum monthly in arrears until January 9, 2025. The loan is subject to such terms and conditions including certain specified positive and negative covenants that are customary for a transaction of this nature.

The Company paid an arrangement fee equal to 2.5% of the loan amount (\$511,178) and issued 750,000 common share purchase warrants ("Auramet Inc. July 2024 warrants"). Each of the Auramet Inc. July 2024 warrants entitled Auramet Inc. to acquire one common share of the Company at a price of \$1.42 per share until July 9, 2025. The Auramet Inc. July 2024 warrants issued were assigned an aggregate fair value of \$166,500 using the Black-Scholes valuation model with the following assumptions: dividend yield 0%, expected volatility 62%, risk-free rate of return 3.95% and expected one year life. The fair value of the warrants as well as the arrangement fee and other transaction costs were amortized over the six-month maturity in transaction costs and interest expense in the condensed interim consolidated statements of loss and comprehensive loss.

On January 9, 2025, the Company extended the repayment date of the Auramet Inc. July 2024 US\$15 million loan facility from January 9, 2025, to March 14, 2025. An extension fee of US\$438,465 was to be paid by March 14, 2025 and 1,750,000 warrants with a strike price of \$0.96 per share were issued with a 9 month expiry ("Auramet Inc. January 2025 warrants"). The Auramet Inc. July 2024 warrants were cancelled. The loan will carry an interest rate of 1.25% per month for the extension period. The interest payable on the original loan amount has also been deferred to March 14, 2025. The warrants and the underlying common shares are subject to a four month hold period under Canadian securities laws.

The Auramet Inc. January 2025 warrants issued were assigned an aggregate fair value of \$260,225 using the Black-Scholes valuation model with the following assumptions: dividend yield 0%, expected volatility 52%, risk-free rate of return 2.9% and expected 9-month life. The fair value of the warrants less the \$166,500 expensed from the Auramet Inc. July 2024 warrants, and the arrangement fee are being amortized over the 64-day maturity in transaction costs and interest expense in the condensed interim consolidated statements of loss and comprehensive loss.

6. Short-term loans (continued)

On March 14, 2025, the Company again extended the repayment date of the Auramet Inc. July 2024 loan to April 25, 2025. An extension fee of US\$168,233 was to be paid by April 25, 2025 along with the previous extension fee of US\$438,465 and outstanding interest. The loan will continue to carry an interest rate of 1.25% per month until expiry.

A final extension was made on April 25, 2025 with no additional fees. The loan along with previous extension fees and interest were repaid on May 9, 2025, of which US\$750,000 of the loan repayment was settled through the issuance of 1,050,909 Canada Nickel common shares.

2024

On September 18, 2023, the Company closed a secured 3-month loan facility with Auramet Inc. for US\$12 million ("Auramet Inc. September 2023"). Interest expense accrued on the unpaid principal amount at a rate of 12% per annum monthly in arrears until December 18, 2023.

The Company paid an arrangement fee equal to 2.3 percent of the loan amount (\$371,995) and issued 550,000 common share purchase warrants ("Auramet Inc. September 2023 warrants"). Each of the Auramet Inc. September 2023 warrants entitles Auramet Inc. to acquire one common share of the Company at a price of \$1.24 per share until September 18, 2024. The Auramet Inc. September 2023 warrants issued were assigned an aggregate fair value of \$169,180 using the Black-Scholes valuation model with the following assumptions: dividend yield 0%, expected volatility 61%, risk-free rate of return 4.74% and expected one year life. The fair value of the warrants as well as the arrangement fee and other transaction costs were amortized over the three-month maturity in transaction costs and interest expense in the condensed interim consolidated statements of loss and comprehensive loss. On January 23, 2024 the Auramet Inc. September 2023 warrants were exercised with proceeds of \$682,000 received by the Company.

On December 18, 2023, at the Company's option it extended the Auramet Inc. September 2023 US\$12 million short-term debt facility for a further 30 day period and matured January 18, 2024. Upon extension of the facility, the Company paid an additional arrangement fee equal to \$248,457 and issued 350,000 common share purchase warrants ("Auramet Inc. September 2023 extension warrants"). Each of the Auramet Inc. September 2023 extension warrants entitles Auramet Inc. to acquire one common share of the Company at a price of \$1.19 per share until September 18, 2024. The Auramet Inc. September 2023 extension warrants issued were assigned an aggregate fair value of \$65,765 using the Black-Scholes valuation model with the following assumptions: dividend yield 0%, expected volatility 45%, risk-free rate of return 4% and expected nine month life. The fair value of the warrants as well as the arrangement fee were amortized over the one-month maturity in transaction costs and interest expense in the condensed interim consolidated statements of loss and comprehensive loss. In addition, interest accrued on the short-term debt outstanding, which includes interest accumulated and the additional arrangement fee, at a rate of 15% per annum monthly in arrears. The Auramet Inc. September 2023 extension warrants expired unexercised.

On January 15, 2024 Auramet Inc. extended the maturity a further 30 days with no additional fees except the interest. The loan payable including interest and the additional arrangement fee was paid on February 6, 2024 in full in the amount of \$17,335,860.

7. Share capital (continued)

- (a) On December 30, 2024, Canada Nickel completed a non-brokered private placement of an aggregate of 3,480,000 common shares of the Company that will qualify as "flow-through shares" (as defined in subsection 66(15) of the Income Tax Act (Canada)) (the "FT Shares"), at an issue price of \$1.15 per FT Share, for aggregate proceeds of \$4,002,000 (the "December 2024 Flow-Through Offering"). The gross proceeds from the December 2024 Flow-Through Offering will be used by the Company to incur (or be deemed to incur) eligible resource exploration expenses that will qualify as (i) "Canadian Exploration expenses" (as defined in the Income Tax Act (Canada)), (ii) "flow-through critical mineral mining expenditures" (as defined in subsection 127(9) of the Income Tax Act (Canada)) (collectively, the "Qualifying Expenditures"), and (iii) "eligible Ontario critical mineral exploration expenditures" within the meaning of subsection 103(4.1) of the Taxation Act, 2007 (Ontario). Qualifying Expenditures in an aggregate amount not less than the gross proceeds raised from the issuance of the FT Shares will be incurred (or deemed to be incurred) by the Company on or before December 31, 2025, and will be renounced by the Company to the initial purchasers of the FT Shares with an effective date no later than December 31, 2024. All securities issued under the December 2024 Flow-Through Offering will be subject to a hold period expiring four months and one day from the closing date of the December 2024 Flow-Through Offering in accordance with applicable Canadian securities laws.

The FT shares were issued at a premium to the market price in recognition of the tax benefits accruing to subscribers and as a result the Company recorded a share premium liability of \$730,800 and has an obligation to incur \$4,002,000 in eligible Canadian exploration expenditures ("CEE") by December 31, 2025. The share capital value of \$3,981,990 includes the gross proceeds net of costs related to the issuance.

- (b) On December 29, 2023 the Company completed a brokered private placement consisting of 19,600,000 units of the Company (the "Flow-Through Units") at a price of \$1.77 per Flow-Through Unit, with each unit consisting of one flow-through common share of the Company and 0.35 of one flow-through common share purchase Warrant (the "Warrant"), as more particularly described below, for aggregate gross proceeds of \$34,692,000 (the "December 2023 Flow-Through Offering"). Following closing of the December 2023 Flow-Through Offering, Agnico Eagle Mines Limited ("Agnico Eagle") acquired the units from the initial purchasers.

Pursuant to the December 2023 Flow-Through Offering, each Flow-Through Unit consists of (i) one common share of the Company, each of which will qualify as a "flow-through share" (as defined in subsection 66(15) of the Income Tax Act (Canada) (the "Tax Act")), and (ii) 0.35 of one purchase Warrant. Each whole Warrant shall entitle the holder thereof to acquire one Common Share of the Company (each, a "Warrant Share") at a price of \$1.77 per Warrant Share until the date that is 36 months from the closing date of the December Flow-Through Offering, subject to acceleration in certain circumstances. Beginning Six Months from the closing date of the December 2023 Flow-Through Offering, if the trading price of the common shares on the TSX Venture Exchange equals or exceeds \$2.65 per common share for at least 20 consecutive trading days, Canada Nickel shall have the right to accelerate, by notice to the holders of Warrants, the expiry date of the Warrants to 30 calendar days after the date of such notice (such that the holder may either exercise all or a portion of the Warrants in such 30 day period, or failing such exercise, any unexercised Warrants would expire).

The flow-through shares were issued at a premium to the market price in recognition of the tax benefits accruing to subscribers and as a result the Company recorded a share premium liability of \$12,348,000 and has an obligation to incur \$34,692,000 in eligible CEE by December 31, 2024. The Warrants issued were assigned an aggregate fair value of \$2,172,505 using the Black-Scholes valuation model with the following assumptions: dividend yield 0%, expected volatility 59%, risk-free rate of return 3.9% and expected 36 month life. The share capital value of \$31,266,921 includes the gross proceeds net of the warrant fair value and costs related to the issuance.

7. Share capital (continued)

In addition, the Company entered into an investor rights agreement with Agnico Eagle. Under the Investor Rights Agreement, Agnico Eagle is entitled to certain rights, provided Agnico Eagle maintains certain ownership thresholds in Canada Nickel, including: (a) the right to participate in future issuance of Common Shares (or any securities that are or may become convertible, exchangeable or exercisable into Common Shares) in order to maintain its pro rata ownership interest in Canada Nickel or acquire up to a 15.6% ownership interest, on a partially diluted basis, in Canada Nickel; and (b) the right (which Agnico Eagle has no present intention of exercising) to nominate one person to the Canada Nickel Board of Directors.

- (c) On February 6, 2024, the Company completed the equity investment it entered related to the Subscription Agreement with Samsung SDI Co., Ltd. ("Samsung SDI") in the amount of US\$18.5 million investment in Canada Nickel at a price of \$1.57 per Common Share. On closing of the private placement contemplated in the Subscription Agreement, Samsung SDI owned approximately 15.6 million shares of the common shares of Canada Nickel, representing approximately 8.7% of the Company's issued and outstanding shares on a non-diluted basis and Canada Nickel granted to Samsung SDI the right to purchase a 10% equity interest in the Crawford Project for US\$100.5 million, exercisable upon a final construction decision. The share capital value of \$23,490,594 includes the gross proceeds net of costs related to the issuance.

The Subscription Agreement and the Investor Rights Agreement contain certain customary terms and conditions. Samsung SDI will have a pro rata right in any future issuance of Common Shares or any securities that are or may become convertible, exchangeable or exercisable into Common Shares to maintain its shareholding as long as it holds 7.5% or more of the issued and outstanding Common Shares of the Company.

Samsung SDI's right to purchase a 10% equity interest in the Crawford project for US\$100.5 million is exercisable upon a final construction decision. By exercising this right, Samsung SDI will have the right to 10% of the nickel-cobalt production from the Crawford project over the life of mine and the right to an additional 20% of Crawford's nickel-cobalt production for 15 years extendable by mutual agreement. The offtake rights will be based on mutually agreed terms.

9. Stock options (continued)

The options vest at a rate of one third on the anniversary date of the grant, and a further one third each year thereafter. Each stock option converts into one common share of the Company upon exercise. No amounts are paid or payable by the recipient on receipt of the option. The options carry neither right to dividends nor voting rights. Options may be exercised at any time from the date of vesting to the date of their expiry. The Company, at its discretion, may settle stock options exercised through the issuance of common shares from treasury or cash.

The Company recorded share-based compensation expense related to stock options of \$459,406 and \$1,179,699 for the three and six months ended April 30, 2025, respectively (\$549,382 and \$996,812 for the three and six months ended April 30, 2024, respectively), to the condensed interim consolidated statements of loss and comprehensive loss and recorded \$143,329 and \$357,630 for the three and six months ended April 30, 2025 of share-based compensation expense as an increase to exploration and evaluation asset on the condensed interim consolidated statements of financial position (\$197,358 and \$249,191 as at April 30, 2024 respectively).

The following table summarizes the average assumptions used in the Black-Scholes valuation model for the determination of the cost of stock options issued during the six months ended April 30, 2025 and 2024.

	2025	2024

RSUs granted prior to March 11, 2024 vest on the anniversary date of the grant unless the holder agrees to extend their anniversary date by one year. RSUs granted post March 11, 2024 vest equally over a three year period.

Each RSU converts into one common share of the Company upon exercise. No amounts are paid or payable by the recipient on receipt of the RSU. The RSUs carry neither right to dividends nor voting rights. Upon vesting, the Company, at its discretion, may settle RSUs through the issuance of common shares from treasury or cash. The Company recorded share-based compensation expense related to RSUs of \$207,568 and \$458,058 for the three and six months ended April 30, 2025, respectively (\$283,773 and \$861,612 for the three and six months ended April 30, 2024, respectively) to the condensed interim consolidated statements of loss and comprehensive loss and recorded \$68,384 and \$211,479 for the three and six months ended April 30, 2025 of share-based compensation expense as an increase to exploration and evaluation asset on the condensed interim consolidated statements of financial position (\$172,789 and \$393,541 as at April 30, 2024 respectively).

12. Related party transactions and balances

Related parties and related party transactions impacting the consolidated financial statements are summarized below and include transactions with key management personnel, which includes those persons having authority and responsibility for planning, directing, and controlling the activities of the Company as a whole. Key management personnel include the Board of Directors and senior officers of the Company.

A summary of the related party transactions are as follows:

	For the three months ended April 30		For the six months ended April 30	
	2025	2024	2025	2024
	\$	\$		
Salaries, consulting and directors' fees	614,365	585,970	1,228,731	1,171,938
Incentive compensation	659,894	1,000,911	1,575,771	2,564,454

These transactions are in the normal course of operations and have been valued in these consolidated financial statements at the amount of consideration established and agreed to by the related parties. No amounts were receivable to or payable from related parties at April 30, 2025 and 2024.

13. Commitments and contingencies

At April 30, 2025, the Company has \$28.9 million (October 31, 2024 - \$28.7 million) in payables owing with respect to exploration and evaluation assets and has lease obligations of \$152,493 related to 2025 and \$115,447 for fiscal years 2026 to 2028. Commitments on option properties are described in Note 4.

Canada Nickel entered into agreements with the Matachewan and Mattagami First Nations, Taykwa Tagamou Nation and Apitipi Anicinapek Nation in relation to exploration and development operations at Crawford. The agreements establish a commitment by Canada Nickel to engage in ongoing consultation and establish a mutually beneficial cooperative and productive relationship with the First Nations located in the Crawford Project area. The agreement also provides the communities with an opportunity to participate in the benefits of the Crawford Project through business opportunities, employment and training, financial compensation and consultation on environmental matters. Financial compensation includes a commitment to pay a specified percentage of the annual expenses related to the Company's exploration program and a three-year commitment of approximately \$1.6 million for specific impact assessment programs.

In the ordinary course of operating, the Company may from time to time be subject to various legal claims or possible legal claims. Management believes that there are no legal claims or possible legal claims that if resolved would either individually or collectively result in a material adverse impact on the Company's financial position, results of operations, or cash flows. These matters are inherently uncertain, and management's view of these matters may change in the future.

14. Financial instruments

Fair values

At April 30, 2025, the Company's financial instruments consist of cash and cash equivalents, and accounts payable and accrued liabilities and short-term loans. The fair values of these financial instruments approximate their carrying values due to the relatively short-term maturity of these instruments.

Fair value hierarchy

Financial instruments recorded at fair value are classified using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1 – valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 – valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 – valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

During the period, there were no transfer of amounts between levels.

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value.

Level 1 – cash and cash equivalents

Level 2 – none

Level 3 – none

14. Financial instruments (continued)

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk

Credit risk

Credit risk is the risk of loss associated with the counterparty's inability to fulfil its payment obligations. Financial instruments that potentially subject the Company to concentrations of credit risks consist principally of cash and cash equivalents, and accounts receivable. All of the Company's cash is held at a Canadian bank, or funds held in trust with legal counsel in which management believes that the risk of loss is minimal, but the Company is subject to concentration of credit risk. Harmonized sales tax receivable and accounts receivable consist of receivables created in the course of normal business.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company currently settles its financial obligations with cash and from time to time with equity. As at April 30, 2025, the Company's financial liabilities consist of accounts payable and accrued liabilities and short-term loans, which have contractual maturity dates within one year. The Company manages its liquidity risk by reviewing its capital requirements on an ongoing basis. There have been no changes in the Company's strategy with respect to credit/liquidity risk in the period.

15. Income taxes

The following table reflects the continuity of the deferred tax liability as at April 30, 2025 and 2024.

	2025	2024
	\$	\$
Balance, beginning of fiscal period	1,826,789	4,092,387
Tax effect on renunciation of flow-through expenditures	9,193,380	1,325,036
Tax effect on operating losses and other timing differences	(1,854,548)	(2,084,926)
Balance, April 30	9,165,621	3,332,497

Flow-through expenditures incurred in calendar year 2024 of \$34.692 million were renounced in February 2025 resulting in a tax expense of \$9,193,380 in the three and six months ended April 30, 2025.

16. Subsequent events

- (a) On December 16, 2024, Taykwa Tagamou Nation ("TTN") and Canada Nickel announced an investment reflecting a shared commitment to advancing the Crawford Project while fostering economic empowerment and long-term collaboration. The Convertible Note (the "Note") was signed on December 13, 2024 and closed on May 27, 2025. TTN invested \$20 million of its own capital in a Convertible Note (the "Note") that will be convertible into 16.67 million Canada Nickel common shares at a price of \$1.20 per share (representing a 7.9% equity interest in the Company based on Canada Nickel's outstanding share capital on the closing date). The Note will have a five-year term from closing, a coupon of 6.15% per annum paid quarterly prior to conversion (the interest rate was adjusted from 4.75% as originally announced to 6.15% to reflect a change to TTN's financing cost). TTN will also have a right to one seat on the Company's Board of Directors for so long as it holds the Note or, after conversion, at least 5% of the Company's shares.
- (b) On May 9, 2025, the Company closed a US\$20 million bridge loan facilitated by Ber Tov Capital Corporation ("BT Capital"). The financing was used to repay the Auramet Inc. loan facility and for general working capital purposes. The loan was provided by BT Strategic Mineral Assets LP, whose anchor investor is Baronet Capital. It matures on February 9, 2026, carries interest at 1.00% per month, and includes a 2.5% arrangement fee. As part of the transaction, BT Strategic Mineral Assets LP received 5,000,000 one-year warrants. Each warrant entitles BT Capital to acquire one common share of the Company at a price of \$0.94 per share until May 9, 2026. These securities are subject to a four-month statutory hold period under applicable Canadian securities laws. This secured loan includes customary positive and negative covenants for a transaction of this nature. The security covers all personal property and real property.
- (c) On June 26, 2025, the Company closed a "best efforts" private placement (the "Brokered Offering") for gross proceeds of \$13,000,750. Under the Brokered Offering, the Company sold 15,295,000 units of the Company (the "Brokered Units") at a price of \$0.85 per Brokered Unit. Each Brokered Unit consists of one common share of the Company and one-half of one common share purchase warrant (each whole warrant, a "Warrant"). Each Warrant entitles the holder to purchase one common share of the Company at a price of \$1.20 at any time on or before June 26, 2028.

Red Cloud Securities Inc. and Scotiabank acted as co-lead agents and joint bookrunners, on behalf of a syndicate of agents that included Cormark Securities Inc. and Haywood Securities Inc. (collectively, the "Agents") in connection with the Brokered Offering. As consideration for their services in the Brokered Offering, the Agents received a cash commission of approximately \$649,527 and were issued 764,148 non-transferable common share purchase warrants (the "Broker Warrants"). Each Broker Warrant is exercisable into one common share of the Company at a price of \$0.85 per at any time on or before June 26, 2028. The Company also paid a cash finders' fee of \$22,193 and issued an aggregate of 26,109 non-transferrable finders' warrants (the "Finder Warrants") to certain other eligible parties who introduced subscribers to the Brokered Offering. Each Finder Warrant is exercisable into one common share of the Company at a price of \$0.85 per at any time on or before June 26, 2028.

Also on June 26, the Company announced that Agnico Eagle notified the Company that it intends to exercise its pro rata equity participation right pursuant to the investor rights agreement between Agnico Eagle and the Company dated December 29, 2023 and purchase 2,201,259 units of the Company (the "Non-Brokered Units") at a price of \$0.85 per Non-Brokered Unit under a non-brokered private placement (the "Non-Brokered Placement") for additional gross proceeds to the Company of approximately \$1,871,070. Each Non-Brokered Unit will consist of one common share of the Company and one-half of one common share purchase warrant (each whole warrant, a "Non-Brokered Warrant"). Each Non-Brokered Warrant will entitle the holder to purchase one common share of the Company at a price of \$1.20 at any time on or before that date which is 36 months after the closing date of the Non-Brokered Placement. Following the closing of the Offerings (as defined herein), it is estimated that

16. Subsequent events (continued)

Agnico Eagle will hold approximately 10.1% of the Company's issued and outstanding common shares on a non-diluted basis, and 13.3% on a partially-diluted basis (assuming exercise of all the warrants of the Company that will be held by Agnico Eagle).

On June 23, 2025, the Company announced a non-brokered private placement (the "Flow-Through Offering", and collectively with the Brokered Offering and Non-Brokered Placement, the "Offerings") for the sale of 4,245,750 common shares of the Company that qualify as "flow-through shares" (as defined in subsection 66(15) of the Income Tax Act (Canada)) (the "FT Shares", and collectively with the Brokered Units and Non-Brokered Units, the "Offered Securities") at a price of \$1.06 per FT Share for gross proceeds of \$4,500,495 is fully subscribed. The aggregate gross proceeds to the Company from the Offerings will be approximately \$19,372,315.

The Company plans to use the net proceeds of the Brokered Offering and the Non-Brokered Placement for the advancement of Crawford as well as for working capital and general corporate purposes. The gross proceeds from the Flow-Through Offering will be used by the Company to incur (or be deemed to incur) eligible resource exploration expenses that will qualify as (i) "Canadian exploration expenses" (as defined in the Income Tax Act (Canada)), (ii) "flow-through critical mineral mining expenditures" (as defined in subsection 127(9) of the Income Tax Act (Canada)), and (iii) "eligible Ontario critical mineral exploration expenditures" within the meaning of subsection 103(4.1) of the Taxation Act, 2007 (Ontario) (collectively, the "Qualifying Expenditures"). Qualifying Expenditures in an aggregate amount not less than the gross proceeds raised from the issuance of the FT Shares will be incurred (or deemed to be incurred) by the Company on or before December 31, 2026, and will be renounced by the Company to the initial purchasers of the FT Shares with an effective date no later than December 31, 2025. The Brokered Offering remains subject to the final approval of the TSX Venture Exchange (the "TSX-V").

Both the Flow-Through Offering and Non-Brokered Placement are scheduled to close on or around July 4, 2025, subject to receipt of all required approvals, including the approval of the TSX-V. The securities issued or to be issued pursuant to the Offerings to purchasers in Canada are or will be subject to a four-month hold period in Canada pursuant to applicable Canadian securities laws.

- (d) On March 17, 2025 the Company signed a binding Letter of Intent (the "LOI") with Edmiston Drive Capital Corp. ("EDCC") whereby a new royalty company ("RoyaltyCo") will be created to hold net smelter return ("NSR") royalties on all of Canada Nickel regional exploration properties in the Timmins Nickel District with the exception of Crawford and other targets (Kingsmill and Dargavel) located on the original Project 81 patents.

Canada Nickel will grant 1% NSR royalty interests in the subject properties to RoyaltyCo, which will then (subject to the satisfaction of closing conditions) amalgamate with a wholly owned subsidiary of EDCC in exchange for C\$ 8 million in cash and 8.9 million common shares of EDCC. One such closing condition is the completion by EDCC of a financing whereby \$9 million will be raised through the issuance of a combination of common and preferred shares. The proceeds of such financing will be used for the closing payment to Canada Nickel and for general corporate purposes. After giving effect to the financing, Canada Nickel expects that its equity interest in EDCC will be approximately 62%.

The terms of the LOI are binding subject to the satisfaction of certain closing conditions. The board of directors of EDCC, following completion of the transaction, shall consist of one director appointed by the current directors of EDCC, two directors appointed by Canada Nickel, and two independent directors. The transaction is expected to close in the summer of 2025 and, among other approvals, is subject to any required approvals of the TSX Venture Exchange.
